

*Mother's Day is her day
... to be remembered*

*Think of the
special woman
in your life –*

the one who gave selflessly and whole-heartedly, assuring you were always well taken care of. You've said countless "thank-you's," but actions speak volumes louder. Give the gift of beauty, skincare and memory with the SeneCa Gift Collection Set (includes a Parfum and Golden Shimmer Lotion). Fragrance invokes powerful emotions and this classic floral-amber will allow her to be remembered ... *beautifully.*
